Easy to Order 24/7

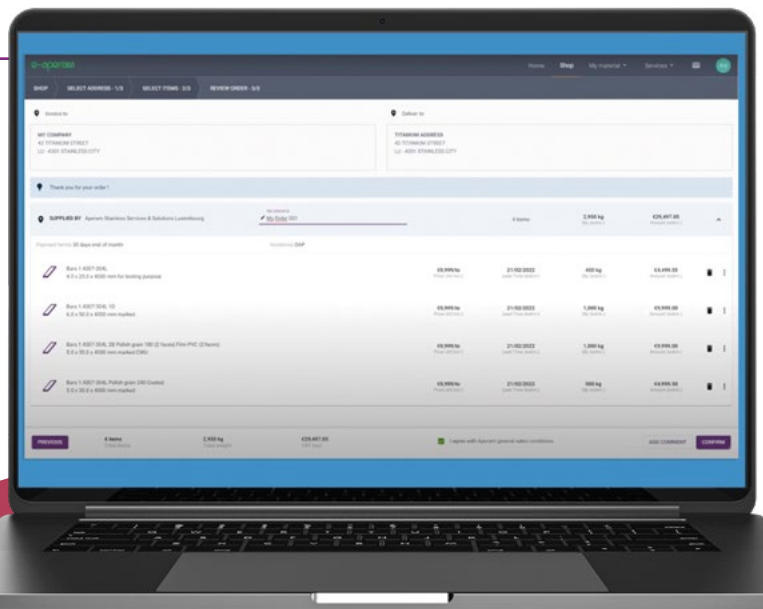

www.e-aperam.com

Whether ordering by kilogram, piece or package, e-aperam lets you order stainless steel flat bars anywhere, anytime, and in just three simple steps. You can even use it to communicate directly with us about your special requests and unique needs.

Fast Delivery Services

Because we keep most standard products in stock, we can typically deliver stainless steel flat bar orders starting from 500 kg in as little as 10 days. When it comes to samples or an unforeseen last-minute need, we can deliver even faster!

A Global Reach

From the heart of Europe, we proudly serve customers in 30 countries across 4 continents.

Your Satisfaction is Our Priority

An impressive 94% of customers surveyed say they favour Aperam over the competition. Their reasons: our unrivalled quality, unbeatably diverse product range, outstanding support, fast response times and on-time deliveries.

94%

Raising the Bar in Sustainability

With Aperam, you not only get the best quality stainless steel flat bars, you also help reduce your own CO₂ footprint and that of your customers. That's because our flat bars are produced from coils that contain up to 90% scrap – scrap that is supplied by our European mills that use electric arc furnaces and are ResponsibleSteel™ certified.

High-Quality, Made in Luxembourg
